To Whom It May Concern,

My name is Leigh James and I am a Medical Social Worker for People First Hospice in Denver, CO. My patient Doris Gray is the mother of Roger Christie. Mr. Christie is currently incarcerated at the Federal Detention Center of Honolulu and his mother Ms. Gray is on hospice and dying with a steady decline in her health.

I am writing to request that Mr. Christie be granted permission and accessibility to make a phone call to get in touch with Ms. Gray. This is an urgent matter as her condition is changing daily and she could die any day.

Please help facilitate the ability for Roger Christie to get in touch with his mother, Ms. Gray, so that they may both find peace before she dies.

Feel free to contact me if you need further information.

Best,

  
Leigh James, LSW
